The Family and Medical Leave Act

The Family and Medical Leave Act (FMLA) entitles eligible employees to take up to 12 workweeks of unpaid, job-protected leave in a 12-month period for specified family and medical reasons, or for any “qualifying exigency” arising out of the fact that a covered military member is on active duty, or has been notified of an impending call or order to active duty, in support of a contingency operation. The FMLA also allows eligible employees to take up to 26 workweeks of job-protected leave in a “single 12-month period” to care for a covered service member with a serious injury or illness.

To be eligible for an FMLA leave, you must have worked 1,250 hours of active work during the 12 consecutive month period before your leave is scheduled to begin. Any paid or unpaid leave time taken during the year is counted against your annual FMLA allowance. You must provide 30 days notice when the need for an FMLA leave is foreseeable. When the need for a leave comes up unexpectedly, you must provide as much advance notice as possible. Medical certification regarding your or a family member’s serious health condition may be required.

While you are away from work on an FMLA leave, your coverage under the Stryker Corporation Welfare Benefits Plan will continue for the duration of your approved leave period. You must make arrangements to pay required healthcare benefit contributions on a regular basis while you are away from work.

If your coverage contributions have not been paid for 30 days, your health coverage may be canceled. You will be notified of a potential coverage cancellation. If Stryker elects to pay your contributions while you are on leave, you will reimburse the Company through payroll deduction when you return to work. If you do not return to work, you must repay the Company for the cost of Company-paid health coverage provided during your leave, unless you are not able to return to work due to the continuation, recurrence or onset of a serious health condition, or other circumstances beyond your control.

If you return to work when your leave ends, Stryker must restore you to your former position or an equal position with equal pay, benefits and terms and conditions of employment.

For full details on FMLA provisions in your state and how they affect your coverage under the plan, contact your Benefits Representative or Benefits Service Center.

Qualified Medical Child Support Orders

You may be required to enroll your child for coverage in the healthcare plan in accordance with the terms of a qualified medical child support order (QMCSO), even if you have not previously enrolled the child for coverage. If the plan receives a valid QMCSO and you do not enroll the dependent child, the custodial parent or state agency may enroll the affected child. Additionally, Stryker may withhold any contributions required for such coverage.

A QMCSO is a judgment, decree or order issued by a court or an authorized government agency that:

- Provides for child support and/or health benefit coverage for your child
- Is made according to a state domestic relations law that relates to group health benefits under the Stryker Corporation Welfare Benefits Plan; or enforces a law relating to medical child support described in Section 1396g of Title XIX of the Social Security Act
- Creates or recognizes the existence of the child's right to receive the healthcare benefits for which you are eligible under the Stryker Corporation Welfare Benefits Plan

- Meets the following requirements:
 - Clearly specifies your name and last known mailing address and the name and mailing address of each child covered by the order
 - Clearly specifies a reasonable description of the type of coverage to be provided to each child
 - Does not require the Stryker Corporation Welfare Benefit Plan to provide any type or form of benefit or any option not otherwise provided, except to the extent necessary to meet requirements relating to medical child support described in Section 1396g of Title XIX of the Social Security Act

Coverage for a child who is eligible under a QMCSO becomes effective on the latest of the following dates:

- The first day of the month specified in the order
- The first day of the month following the date the plan administrator determines that the order is qualified
- The effective date of a court order requiring Stryker to withhold coverage contributions for dependent health coverage from your earnings

If the plan administrator receives a judgment, decree or order that relates to the provision of healthcare benefits for your child, the plan administrator will notify you, the child's custodial parent and/or the appropriate governmental agency of the plan's procedures for determining whether the judgment, decree or order is "qualified." You can obtain, without charge, a copy of the procedures from the plan administrator. Within a reasonable period of time, the plan administrator will determine whether the order is a qualified medical child support order. You and the child's custodial parent or representative will be notified of the decision.

Patient Protection Notices

The claims administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the claims administrator's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the claims administrator for your medical plan at the number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the claims administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a healthcare professional in the claims administrator's network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact the claims administrator at the number on the back of your ID card.

Time Limits for Claims Filings

Medical and Dental Claims

Claims related to a period of illness or treatment of an injury must be filed within one year of the date you first become ill or injured and require covered medical or dental services. All other claims must be filed within one year of the date covered charges were incurred. If you are not able to meet this claim-filing deadline through no fault of your own, your claim will be accepted if you file the claim as soon as possible. Unless you are legally incapacitated, claims will not be accepted if they are filed more than two years after the claim-filing deadline.

Prescription Drug Claims

Claims must be filed within one year following the date the prescription is filled.

Vision Claims

Claims must be filed within one year following the date covered services or materials are provided.

Flexible Spending Accounts Claims

Claims must be received by March 31st following the end of the plan year during which you participated in the FSA and incurred eligible expenses.

Adoption Assistance Claims

Claims must be filed by December 1 of the year following the year in which eligible adoption expenses were incurred.

Legal Action

If legal action is to be brought against the plans, it must be done no later than one year from the date a claim is required.

Subrogation and Reimbursement

What This Section Includes

How your benefits are impacted if you suffer a sickness or injury caused by a third party.

The Plan has a right to subrogation and reimbursement, as defined below.

Right of Recovery

The Plan has the right to recover benefits it has paid on you or your dependent's behalf that were:

- Made in error
- Due to a mistake in fact
- Advanced during the time period of meeting the calendar year deductible
- Advanced during the time period of meeting the out-of-pocket maximum for the calendar year

Benefits paid because you or your dependent misrepresented facts are also subject to recovery.

If the Plan provides a benefit for you or your dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested, or
- Reduce a future benefit payment for you or your dependent by the amount of the overpayment.

If the Plan provides an advancement of benefits to you or your dependent during the time period of meeting the deductible and/or meeting the out-of-pocket maximum for the calendar year, the Plan will send you or your dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover benefits it has advanced by:

- Submitting a reminder letter to you or a covered dependent that details any outstanding balance owed to the Plan
- Conducting courtesy calls to you or a covered dependent to discuss any outstanding balance owed to the Plan

Right to Subrogation

The right to subrogation means the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for benefits that the Plan has paid that are related to the sickness or injury for which a third party is considered responsible. Subrogation applies when the Plan has paid on your behalf benefits for a sickness or injury for which a third party is considered responsible, e.g. an insurance carrier if you are involved in an auto accident.

The Plan shall be subrogated to, and shall succeed to, all rights of recovery from any or all third parties, under any legal theory of any type, for 100 percent of any services and benefits the Plan has paid on your behalf relating to any sickness or injury caused by any third party.

Right to Reimbursement

The right to reimbursement means that if a third party causes a sickness or injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any benefits you received for that sickness or injury.

Third Parties

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a sickness, injury or damages, or who is legally responsible for the sickness, injury or damages
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the sickness, injury or damages
- Stryker in workers' compensation cases
- Any person or entity who is or may be obligated to provide you with benefits or payments under:
 - Underinsured or uninsured motorist insurance
 - Medical provisions of no-fault or traditional insurance (auto, homeowners or otherwise)
 - Workers' compensation coverage
 - Any other insurance carrier or third party administrator

Subrogation and Reimbursement Provisions

As a covered person, you agree to the following:

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds you recover from a third party.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries, or pay any of your associated costs, including attorneys' fees. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule shall limit the Plan's subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be benefits advanced.
- You will cooperate with the Plan and its agents in a timely manner to protect its legal and equitable rights to subrogation and reimbursement, including, but not limited to:
 - Complying with the terms of this section
 - Providing any relevant information requested
 - Signing and/or delivering documents at its request
 - Notifying the plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused benefits to be paid or become payable

- Responding to requests for information about any accident or injuries
- Appearing at medical examinations and legal proceedings, such as depositions or hearings
- Obtaining the Plan's consent before releasing any party from liability or payment of medical expenses
- If you receive payment as part of a settlement or judgment from any third party as a result of a sickness or injury, and the Plan alleges some or all of those funds are due and owed to it, you agree to hold those settlement funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the benefits the Plan has paid.
- If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- Upon the Plan's request, you will assign to the Plan all rights of recovery against third parties to the extent of benefits the Plan has provided for a sickness or injury caused by a third party.
- The Plan's rights will not be reduced due to your own negligence.
- The Plan may, at its option, take necessary and appropriate action to assert its rights under this section, including filing suit in your name, which does not obligate it in any way to pay you part of any recovery the Plan might obtain.
- The provisions of this section apply to the parents, guardian, or other representative of a dependent child who incurs a sickness or injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's sickness or injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- In case of your wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs.
- Your failure to cooperate with the Plan or its agents is considered a breach of contract. As such, the Plan has the right to terminate your benefits, deny future benefits, take legal action against you, and/or set off from any future

benefits the value of benefits the Plan has paid relating to any sickness or injury caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan.

- If a third party causes you to suffer a sickness or injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer a covered person.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.

Assignment of Benefits

When completing a healthcare claim form, you may choose to have payment made directly to the provider. To do so, complete the "Assignment" section of the claim form. If you do not want payment made directly to the provider, leave this section of the form blank and any payment due will be sent to you.

Subrogation – Example

Suppose you are injured in a car accident that is not your fault, and you receive benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those benefits.

Incorrect Claim Payments

If a claim is not paid correctly for any reason, an adjustment will be made. For instance, if a claim is underpaid, the additional benefit amount will be paid directly to you or the provider of service. If a claim is overpaid, the claims administrator has the right to recover the overpayment amount from you. Overpayments may be repaid directly to the claim administrator or deducted from future benefit payments.

Your Rights Under ERISA

As a participant in the plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA) with respect to the benefits subject to ERISA. All benefits under the Stryker Corporation Welfare Benefits Plan are subject to ERISA with the exception of the day care (child and adult) flexible spending account. The Adoption Assistant Plan is also not subject to ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites, all documents governing the plan, including insurance contracts and copies of all documents filed by the plan, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, and copies of the latest annual report (Form 5500 Series) and updated summary plan description (The administrator may make a reasonable charge for the copies.)
- Receive a summary of the plan's annual financial report (The plan administrator is required by law to furnish each participant with a copy of this summary annual report.)

Continue Group Health Plan Coverage

In addition, if you are a participant in a group health plan, you have the right to:

- Continue healthcare coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying life event. You or your dependents will have to pay for such coverage (Review this summary plan description and the documents governing the plan for information regarding your COBRA continuation coverage rights.)
- A reduction or elimination of exclusionary periods of coverage for pre-existing conditions under your group health plan, if you have creditable coverage from another plan

You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer—when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage or when your COBRA continuation coverage ceases and you may request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a pre-existing condition exclusion or limitation, as described in the summary plan description. Note that this right is available only if you are a participant in a group health plan that is subject to the requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plans. The people who operate your plans, called “plan fiduciaries,” have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have the right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.

If you have a claim for benefits that is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
