

Service from Stryker

Power Tools

When failure is not an option the Stryker Service Center is there to provide best in class service to meet the individual needs of your facility. In addition to receiving original manufacture components we offer free overnight loaners, priority service as well as our ProCare® programs. The Stryker Service Center has a dedicated call center to handle all your service needs and can be reached directly at 888-311-4521. ProCare® consists of our proactive service programs designed to reduce equipment failure and maximize power tool performance through periodic preventative maintenance and service. Under our premium option a Stryker Service Technician will come on-site to your facility and work around your schedule to inspect your equipment.
