

SYMPOSIUM INFORMATION

SUMMARY OF NEED

Cranio-maxillofacial surgery seeks to correct deformities of the face and skull bones resulting from congenital defects, trauma, or tumors. If not correctly diagnosed or treated, permanent functional and aesthetic deformities can occur. The treatment of cranio-maxillofacial patients requires the expertise of specialized professionals spanning multiple disciplines. Recent advances in surgical technique and technology have given the clinician new ways to treat challenging cranio-maxillofacial problems and have led to improved patient outcome.

OVERALL PURPOSE

This educational activity will focus on interdisciplinary problem-solving in cranio-maxillofacial surgery. Advanced techniques and technologies used to solve problems will be highlighted, as well as indications, complications, and perioperative considerations. Teaching methods include focused presentations and interdisciplinary panel discussions of controversial clinical issues and case studies. Audience interaction is encouraged.

TARGET AUDIENCE

Physicians and Dentists (including residents) practicing in the fields of Oral and Maxillofacial Surgery, Otolaryngology-Head and Neck Surgery, and Plastic Surgery.

EDUCATIONAL OBJECTIVES

Upon completion of this CME activity, participants should have increased skills and knowledge, and enhanced attitudes and performance, with a specific ability to:

Skill(s)

Identify advances in surgical technique and technology in solving cranio-maxillofacial problems.

Knowledge

Describe prevailing ideas and approaches to both routine and complex cranio-maxillofacial clinical care problems.

Attitude(s)

Reflect on controversial topics in cranio-maxillofacial surgery, including differences in approach and resulting outcomes.

Performance

Identify the advantages of utilizing an interdisciplinary approach in the evaluation and treatment of cranio-maxillofacial surgery patients.

Attendance at this course does not indicate or guarantee competence or proficiency in the performance of any procedures that may be discussed or taught in this course.

ACCREDITATION STATEMENT

ImproMED is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CONTINUING DENTAL EDUCATION CREDIT

As an Accreditation Council for Continuing Medical Education-accredited provider, ImproMED meets the definition of a constituent or component organization of the AMA and thereby meets most state dental board requirements of an approved sponsor of continuing education. This course is focused on clinical issues in cranio-maxillofacial surgery that are relevant to the treatment and care of dental patients.

Most states accept AMA constituents as approved sponsors for continuing dental education credit. If you have questions, your state dental board can confirm eligibility of this course.

DESIGNATION OF CREDIT STATEMENT

ImproMED designates this educational activity for a maximum of 7.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE STATEMENT

It is the policy of ImproMED to ensure balance, independence, objectivity, and scientific rigor in its educational activities. All individuals who are in a position to control the content of an educational activity are required to disclose all relevant financial relationships he/she has with any commercial interest. The Accreditation Council for Continuing Medical Education's (ACCME) Standards for Commercial Support (SCS) require that ACCME-accredited providers disclose to learners the following information: 1) the name of the individual, 2) the name of the commercial interest, and 3) the nature of the relationship the person has with each commercial interest.

PRELIMINARY AGENDA

Interdisciplinary Problem-Solving in Craniomaxillofacial Surgery

Saturday, August 5, 2006

*The Ritz-Carlton, Cleveland
Cleveland, Ohio*

7:00 am-7:30 am

Registration and Continental Breakfast—Foyer, Salon 1

7:30 am

Welcome/Introduction—Ballroom, Salon 1

Warren C. Hammert, DDS, MD

Session I: Orbital and Zygomatic Trauma

Session Chair: Michael G. Parker, MD

Panelists:

Jonathan Z. Baskin, MD
Thomas R. Cowper, DDS
Joseph S. Gruss, MB, B CHIR, FRCS
Faisal A. Qureshy, DDS, MD, FACS

Session II: Mandible Reconstruction and Rehabilitation

Session Chair: Warren C. Hammert, DDS, MD

Panelists:

Daniel S. Alam, MD
Thomas R. Cowper, DDS
Robert E. Marx, DDS
Rod P. Rezaee, MD
Christopher F. Viozzi, DDS, MD

Lunch—The Riverview

Session III: Airway Obstruction

Session Chair: David W. Stepnick, MD, FACS

Pediatric Airway Obstruction: James A. Lehman, Jr, MD

Disordered Sleep Breathing and CPAP: Sanjay R. Patel, MD

Surgical Management of OSA: Wayne B. Colin, DMD, MD

Panelists:

Jonathan Z. Baskin, MD
Wayne B. Colin, DMD, MD
Sanjay R. Patel, MD
Christopher F. Viozzi, DDS, MD

5:00 pm-6:00 pm

Reception—The Grill

7:00 am-5:00 pm

Exhibits—Salon 2

COURSE LOCATION AND ACCOMMODATIONS

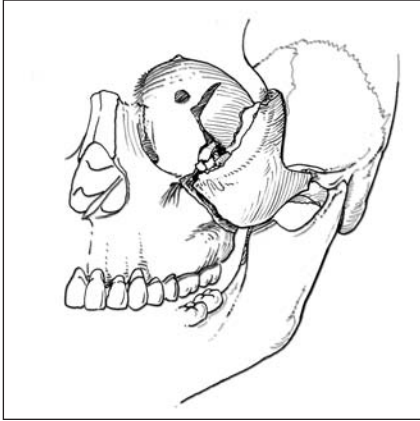

The Ritz-Carlton, Cleveland
