

ACMF Interdisciplinary Problem-Solving in Maxillo-Mandibular Reconstruction

CME Provider:

IMPROMED[™]
MEDICAL EDUCATION DIVISION

December 6, 2008

*Paradise Point Resort & Spa
1404 Vacation Road
San Diego, California*

Endorsed by:

Advanced Cranio-Maxillofacial Forum

ACMF Mission Statement

Support and encourage interdisciplinary research, education and the development of innovative technology to improve the quality of life in patients with cranio-maxillofacial and neurological disorders.

SUMMARY OF NEED

Deformities of the maxilla and mandible, whether congenital or resulting from trauma or tumor removal, can produce life-changing, functional, and aesthetic problems for the patient. Optimal restoration of maxillary and mandibular form and function demands the expertise of specialized clinicians spanning multiple disciplines. Advances in reconstructive surgical techniques and associated technologies have contributed to improved patient outcome in recent years.

OVERALL PURPOSE

This educational activity will focus on interdisciplinary problem-solving in maxillary and mandibular reconstruction. Advanced techniques will be highlighted as well as indications, complications, and peri-operative considerations. Teaching methods will include focused presentations and interdisciplinary panel discussions of controversial clinical issues. Audience interaction will be encouraged.

TARGET AUDIENCE

This symposium is directed at surgeons (including residents) in the fields of Otolaryngology—Head & Neck Surgery, Plastic and Reconstructive Surgery, and Oral and Maxillofacial Surgery.

EDUCATIONAL OBJECTIVES

Upon completion of this CME activity, participants should have increased skills and knowledge, and enhanced attitudes and performance, with a specific ability to:

Skill(s)

Describe advances in surgical technique and technology in the reconstruction of maxillary and mandibular defects.

Knowledge

Recognize and identify current solutions for routine and complex maxillary and mandibular defects.

Attitude(s)

Reflect on different approaches to maxillo-mandibular reconstruction, including differences in risk, cost, or resulting outcome.

Performance

Recognize the importance of utilizing an interdisciplinary approach for optimizing patient outcome in maxillary and mandibular reconstruction.

ACCREDITATION STATEMENT

ImproMED is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

DESIGNATION OF CREDIT STATEMENT

ImproMED designates this educational activity for a maximum of 8 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

CONTINUING DENTAL EDUCATION CREDIT

As an Accreditation Council for Continuing Medical Education-accredited provider, ImproMED meets the definition of a constituent or component organization of the AMA and thereby meets most state dental board requirements of an approved sponsor of continuing education. This course is focused on clinical issues in oral-maxillofacial surgery that are relevant to the treatment and care of dental patients. Most states accept AMA constituents as approved sponsors for continuing dental education credit. If you have questions, your state dental board can confirm eligibility of this course.

DISCLOSURE STATEMENT

It is the policy of ImproMED to ensure balance, independence, objectivity, and scientific rigor in its educational activities. Individuals who are in a position to control the content of an educational activity are required to disclose all relevant financial relationships they have with any commercial interest. The Accreditation Council for Continuing Medical Education's (ACCME) Standards for Commercial Support (SCS) require that ACCME-accredited providers disclose to learners the following information: 1) the name of the individual, 2) the name of the commercial interest, and 3) the nature of the relationship the person has with each commercial interest.

To view select presentations from past ACMF courses and other topics of cranio-maxillofacial interest, visit www.cmf.hyperguides.com. The CMF Hyperguide is a free, interactive educational website for professionals interested in cranio-maxillofacial surgery.

It contains materials that are authored and edited by renowned experts in the fields of otolaryngology—head & neck surgery, plastic surgery, oral & maxillofacial surgery, and neurosurgery.

COURSE CHAIRMAN

Richard E. Hayden, MD, FACS

Professor and Chair
Department of Otolaryngology—Head and Neck Surgery
Mayo Clinic Arizona

CO-CHAIR

Karel A. deLeeuw, DDS, MD

Chief, Division of Oral-Maxillofacial Surgery
Mayo Clinic Arizona

FACULTY

Daniel Buchbinder, DMD, MD

Chief, Division of Oral and Maxillofacial Surgery
Department of Otolaryngology—
Head and Neck Surgery
Chief, Division of Maxillo-Facial Surgery
Continuum Cancer Centers of New York
Institute of Head and Neck and Thyroid Cancer
Beth Israel Medical Center

Daniel G. Deschler, MD, FACS

Associate Professor in Otolaryngology and Laryngology
Harvard Medical School
Director, Division of Head and Neck Surgery
Director, Norman Knight Hyperbaric Medicine Center
Massachusetts Eye and Ear Infirmary
Director, Head and Neck Oncologic Surgery
Massachusetts General Hospital

Mark L. Urken, MD, FACS

Chief, Division of Head and Neck Surgical
Oncology
Department of Otolaryngology—
Head and Neck Surgery
Director, Head and Neck Surgical Oncology
Continuum Cancer Centers of New York
Co-Director, Institute of Head and Neck
and Thyroid Cancer
Beth Israel Medical Center

Joseph E. Van Sickels, DDS

Professor and Division Director of Oral and
Maxillofacial Surgery
Director of Resident Education, Division of
Oral and Maxillofacial Surgery
College of Dentistry, University of Kentucky
Chandler Medical Center

ADVISOR

Salvatore C. Lettieri, MD, FACS

Chief, Plastic & Reconstructive Surgery
The Arizona Burn Center at Maricopa
Medical Center

PRELIMINARY AGENDA

ACMF Interdisciplinary Problem-Solving in Maxillo-Mandibular Reconstruction

Saturday, December 6, 2008

Paradise Point Resort & Spa, San Diego, California

6:45 am-7:25 am

Registration and Continental Breakfast

7:25 am-7:30 am

Welcome and Introduction

Richard E. Hayden, MD, FACS

7:30 am-9:45 am

Session I: Mandibular Reconstruction

7:30 am-7:45 am

Overview of Mandibular Reconstruction

Richard E. Hayden, MD, FACS

7:45 am-8:15 am

Staged Reconstruction with Pedicled

Musculocutaneous Flap, HBO, and Non-

Vascularized Bone Graft Marx Technique

Daniel Buchbinder, DMD, MD

8:15 am-8:45 am

Iliac Crest Free Flaps

Mark L. Urken, MD, FACS

8:45 am-9:15 am

Scapular Free Flaps

Daniel G. Deschler, MD, FACS

9:15 am-9:45 am

Fibular Free Flaps

Richard E. Hayden, MD, FACS

9:45 am-10:15 am

Break

10:15 am-11:45 am

Session II: Mandibular Reconstruction

10:15 am-10:45 am

Osseodistraction

Joseph E. Van Sickels, DDS

10:45 am-11:05 am

Dental Rehabilitation

Karel A. deLeeuw, DDS, MD

11:05 am-11:25 am

Condyle Considerations in Reconstruction

Daniel G. Deschler, MD, FACS

11:25 am-11:45 am

Soft Tissue Considerations in Reconstruction

Richard E. Hayden, MD, FACS

11:45 am-1:00 pm

Lunch

1:00 pm-3:00 pm

Session III: Maxillary Reconstruction

1:00 pm-1:15 pm

Overview of Maxillary Reconstruction

Daniel G. Deschler, MD, FACS

1:15 pm-1:30 pm

Allografts and Free Flaps—Soft Tissue

Daniel Buchbinder, DMD, MD

1:30 pm-1:55 pm

Orthognathic Techniques

Karel A. deLeeuw, DDS, MD

1:55 pm-2:25 pm

Osseodistraction

Joseph E. Van Sickels, DDS

2:25 pm-3:00 pm

Free Flaps

Mark L. Urken, MD, FACS

3:00 pm-3:30 pm

Break

3:30 pm-4:00 pm

Session IV: Maxillary Reconstruction

3:30 pm-3:45 pm

Dental and Prosthetic Rehabilitation of
the Reconstructed Maxilla

Daniel Buchbinder, DMD, MD

3:45 pm-4:00 pm

Pearls and Pitfalls

Richard E. Hayden, MD, FACS

4:00 pm-5:00 pm

Session V: Panel Discussion

Osseoradionecrosis

Panel: All Faculty Members

What to Do with the Marginal

Mandibulectomy Defect

Ocular Considerations

What to Do with an Oral Antral Fistula

Bone Growth in Juveniles

5:00 pm

Conclusion

Richard E. Hayden, MD, FACS

7:30 am-3:00 pm

Exhibits

COURSE LOCATION AND ACCOMMODATIONS

Paradise Point Resort & Spa
1404 Vacation Road
San Diego, CA 92109
Toll free: 800.344.2626

Paradise Point Resort & Spa has extended a room rate of \$269 per night to symposium attendees. This rate will be honored until Friday, November 14, 2008. After this date, reservations will be accepted at the hotel's prevailing rates based on availability. Note: A fee equal to 1 room night will be charged if the room is not cancelled more than 3 days prior to arrival.

To make reservations, call 1.800.344.2626 and reference the name of the event (ACMF MMR symposium) or visit https://resweb.passkey.com/Resweb.do?mode=welcome_ei_new&eventID=70931.

Air Travel: The San Diego International Airport (airport code SAN) is approximately 15 minutes from Paradise Point Resort & Spa.

Questions? Call us: 877.665.8326 (toll free within the US), 00.1.269.329.0651 (globally) or email: info@improMED.org.
