

We've got the clinical edge

Experience the Stryker difference

For more than half a century, we've been innovating to create clinical solutions to help you and your patients achieve better outcomes across the continuum of care. With our unique knowledge of orthopaedics and the musculoskeletal system of the human body, we are a leader in beds, stretchers and body support systems – including designing solutions for bariatric patients and other specialty areas of care.

Our robust patient room furniture offerings marry the insights we glean from caregivers with the newest technology to create durable, cleanable, comfortable pieces for your patients and their families – helping to promote a healthy healing environment.

Customer Support Services

Technical Support

Our Technical Support comprises a team of professionals available to help with your ProCare needs. Contact via phone at 1 800 STRYKER or email at medicaltechnicalsupport@stryker.com

Stryker's ProCare Services

Every day, you count on your medical equipment to perform at its best. With ProCare Services, our people help to ensure your equipment is ready to perform when it's needed and make it easier to get the most from your investment. When an issue arises, we promise that we'll solve it — performing repairs quickly and correctly in accordance with the terms and conditions of the ProCare services agreement. ProCare isn't just a service program. It's a partnership you can count on to give you one less thing to worry about, and one more reason to feel confident you're doing all you can for your clinicians, staff and patients.

Flex Financial Program

Our financial programs provide a range of smart alternatives designed to fit your organization's needs. We offer flexibility beyond a cash purchase with payment structures that can be customized to meet budgetary needs and help to build long-term financial stability. Contact your account manager for more information.

Choose comfort and cleanability

Did you know?

1 in 31

hospital patients has at least one healthcare-associated infection¹

According to the Centers for Disease Control, on any given day, about 1 in 31 hospital patients has at least one healthcare-associated infection¹.

Now, more than ever, preventing infections in the hospital is one of caregivers' top concerns.² It's one of ours, too.

Our Unity furniture line – featuring our Recliner, Chaise Sleeper Lounge, Sleeper Bench, Glider and Side Seating – fuses the comfort of home with the durability and cleanability caregivers expect. Each piece in this modern line is designed to meet the needs of the most demanding environments.

Customizable pieces ...with a clinical edge

Unity Recliner Series

Modern, durable and comfortable recliners are designed to be customizable to meet the needs of each department. Clinical and Treatment models were developed to meet the needs of both caregivers and patients to help aid in the recovery process and allow patients to get into a recliner sooner.

Key features

- Wall saver recline designed to help maximize space in compact patient rooms.
- Clinical and Treatment models feature transfer arm options
- Performance cushion material
- Extended wave-shaped arms
- Large dual-tread casters with steer lock
- Optional central-locking brake

Unity Sleeper Bench Series

Our Sleeper Bench series is customizable, including models with or without backrests and arms as well as models with tablets, power capabilities and a USB outlet for a better user experience.

Key features

- 6 models available
- Pull strap allows one person to open easily
- High density Ultracell foam for comfort, durability and performance
- Replaceable seat cushion
- Optional power and USB outlet
- Optional locking front casters
- Customizable with upholstered or laminate pull-out front panel

Unity Glider

Our modern and durable Glider offers a smooth, low-range rocking motion to help users relax.

Key features

- Curved back for supported comfort
- Arm panels offer a beautiful curved design, allowing unobstructed motion around chair
- Fully extended armrests offer grip to ease entry and exit from the chair
- High density Ultracell foam for comfort, durability and performance

Unity Chaise Lounge Sleeper

Sit, relax, or sleep in comfort in our Chaise Lounge Sleeper. Modern and durable, it features an easily cleanable nonporous frame with self-skinned urethane (SSU) armcaps, which are available in a variety of colors.

Key features

- 27.5" wide x 77" long sleeping surface
- Pull strap allows one person to open easily
- Upholstery covers offer a seamless waterfall front to prevent breakdown of seams or pressure on back of leg; front edge of seat is seamless to prevent liquid penetration
- Front casters are non-swivel manual locking
- Back casters are non-locking and swivel for better steering when moving the chair
- High density Ultracell urethane foam for enhanced comfort and durability

Unity Side Seating

Our Side Seating series includes individual chairs for patient rooms, and specialty items such as bariatric seating and flex back chairs. Each features an easily cleanable nonporous frame constructed with reinforced-steel.

Key features

- Low back, high back and bariatric options
- Select flex back models with a torsion control mechanism provide a gentle rocking motion for the chair back without impeding egress or entry
- Contoured back with built in lumbar support for extra comfort
- Non-marking polyethylene glides are standard on all models
- Welded crossbar connects the leg and arm uprights for exceptional strength and durability
