

Synchfix™ EVT

Syndesmotic fixation device

Elevating care with our next generation device

Introducing

Synchfix™ EVT

The best aspects of our legacy Synchfix design with a simplified technique and reduced procedural complexity*, helping you perform syndesmototic repairs at the highest level.

**Elevated Experience**

- Provides a seamless user experience with an ergonomic handle and a low-profile titanium medial implant
- Facilitates medial button placement without the need for medial incision
- Simplifies deployment* through an all-in-one system with integrated suture tensioning and one-handed implant delivery

**Elevated Vision**

- Sustainability for the future with new RFID packaging for inventory tracking
- May be used standalone or with titanium plates designed to accept 3.5mm nonlocking screws
- First ankle syndesmototic flexible fixation device on the market cleared for use in adolescents

**Elevated Technique**

- Handle design enables one-handed surgical implant deployment technique
- Knotless suture design provides a low-profile construct that eliminates knot tying and lateral knot prominence
- Engineered to eliminate knot-stacking that could cause soft tissue irritation

Part #	Description
86SYN205	Synchfix EVT inserter with implant construct

*As compared to the previous generation of the device.

This document is intended solely for the use of healthcare professionals. A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate a Stryker product. A surgeon must always refer to the package insert, product label and/or instructions for use, including the instructions for cleaning and sterilization (if applicable), before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its divisions or other corporate affiliated entities own, use, or have applied for the following trademarks or service marks: Stryker, Synchfix, Synchfix EVT. All other trademarks are trademarks of their respective owners or holders.
