

Triathlon[®] Gold

Trust beyond the surface.

You asked us to bring you Triathlon as an option for patients with metal sensitivity concerns, and we listened. Combining our proven Triathlon design¹⁻⁶ and trusted cementless fixation technology^{2,5-6} with a titanium nitride surface, Triathlon Gold Femoral Component is a premium addition to the Triathlon portfolio that you and your patients can **trust beyond the surface.**

Triathlon Gold

Peace of mind

Triathlon Gold provides you an alternative to cobalt chrome as an option for patients with metal sensitivity concerns, while retaining the **peace of mind** you get from Triathlon, which has been implanted in over 6.5 million patients.⁷

Engineered to endure

A titanium nitride surface combined with our market-leading⁷ Tritanium cementless technology, Triathlon Gold is designed to deliver fixation⁸ and **long-term durability**⁹ with scratch resistance superior to competitive surfaces.¹⁰

Your workflow, your choice

Cemented or cementless fixation? Mako SmartRobotics™ or manual instrumentation? Combine your **preferred fixation method and workflow** with Triathlon Gold for **trust beyond the surface**.

The CR and CS inserts compatible with Triathlon Gold Femoral Component contain a cobalt chrome (CoCr) locking wire.

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker's product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any of Stryker's products. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your sales representative if you have questions about the availability of products in your area.
