

Creating/Editing Ariba Users

This job aid will walk through the process of adding new users to an SAP Business Network account. Suppliers may need to create new accounts

Description	Screenshot
<p>Creating/Editing Users</p> <p>Click the Account Settings icon, and choose Settings Users.</p> <p>Click Manage Users.</p> <p>Creating/Editing Users</p> <p>On the Manage Users page, click the Create User icon at the top right of the user results table to create a new user.</p> <p>Choose the check box next to the user you want to edit, and click Edit.</p>	 <p>The screenshot shows the SAP Business Network user management interface. A user profile for 'Sujit Kurupath' is displayed, including the email 'test1-tpstestsupplier12@stryker.com'. A dropdown menu is open, showing 'Account Settings' with 'Users' highlighted. The 'Settings' option is also highlighted with a yellow box. Other options in the dropdown include 'Customer Relationships', 'Notifications', 'Application Subscriptions', 'Account Registration', 'Network Settings', 'Electronic Order Routing', 'Electronic Invoice Routing', 'Accelerated Payments', 'Remittances', 'Data Deletion Criteria', 'Network Notifications', 'Audit Logs', and 'Audit Purge'. A 'Feedback' button is visible on the right side of the interface.</p>

Description

Click **Manage Users**.

Creating/Editing Users

On the **Manage Users** page, click the **Create User** icon at the top right of the user results table to create a new user.

Choose the check box next to the user you want to edit, and click **Edit**.

Because SAP Business Network doesn't notify users when you change their assigned roles, we recommend telling users before you make changes.

Choose the check box next to the user you want to delete, and click **Delete**.

Note

SAP Business Network does not maintain a record of deleted users.

If you delete a user that has created customer catalogs, you need to log in with the user's username and password, save
