- Actual Delivery Date
- Ship Quantity
- Batch ID if batch managed product (Lot Number)
- Production Date
- Expiration date if applicable
- Serial Number if serial managed product
- Country of Origin

Additional Stryker Preferred Fields:
- Carrier Name
- Tracking Number / Bill of Lading (Limited to 20 characters length)
- Batch Sterilization Number
- Sterilization Company
- Sterility Method
- CE Mark
- Notified Body – If notified body number is not listed, the supplier should choose NL (Not Listed)

Enter the packing slip ID which is any number you use to identify the Ship Notice. You must use a unique ship notice number every time an ASN is created, and this should match the number on the physical packing slip that goes with the shipment. Choose carrier name and then Tracking # and shipping method will appear.
