Eye Surgery Stretcher

**Access. Simple. Functionality.**

Stryker’s Eye Surgery Stretcher offers maximum headend clearance, giving surgeons ample leg room to maneuver while performing delicate eye procedures. The reliable work surface and mobile design combine to help with surgical throughput.

**Enhanced head and clearance**
Maximizes the surgeon’s access for either a temporal or a superior approach to surgery.

**Optional contoured or flathead piece**
Comfortably supports patient during procedures.

**Retractable fifth wheel**
Helps improve mobility.

**Metal tooth and groove braking system**
Prevents swivel and roll.

**Option of two- or three-position fold-down siderails.**

**Multiple bumper color options**
Allow you to customize the stretcher for identification purposes.

- Navy
- Gray
- Red
