Prime TC

Patient transport redefined.

When it comes to the patient experience, details matter. That is why every aspect of the Prime TC Transport Chair is designed to create a comfortable and welcoming environment that speaks volumes to caregivers, patients and their family members.

Obvious touchpoints help make operation intuitive for all users. BackSmart ergonomics have been incorporated into the design to help reduce the bending and reaching associated with caregiver injury.

A rigid frame helps enhance durability while reducing the risk of theft. This investment in the well-being of patients and caregivers tells them you care about their comfort and wellbeing – it tells them that they matter.

Maximising your investment

The Prime TC Transport Chair continues our legacy of quality and innovation, which is backed by an unprecedented 3-year warranty. To further protect your investment, consider a ProCare service agreement that will help ensure your fleet is always running at optimal performance.

Flip-up footrests **BackSmart push handles Optional leg supports** help reduce trip hazards by allow caregivers to position are permanently attached for comfortable elevation in a providing a clear path of their elbows at an ergonomic patient ingress and egress. 90-degree angle and fixed upright position. Easily accommodate caregivers of stow away when not in use. Foot-operated swing away virtually any functionality enhances height. access to the patient and closer positioning to beds, cars or tables.

The comforting aesthetics of the Prime TC Transport Chair with its office-chair-like comfort and design, the Prime TC Transport Chair feels right at home with other equipment in the Prime line.
