Third-Party Software (Vocera Messaging Platform)

SECURE MESSAGING PLATFORM

Developer's Express DXperience ASP.NET Subscription, eXpressApp Framework, XtraReports Suite Subscription withsource (WinForms, ASP.NET, Silverlight and WPF)

General Information	
Source Code Status	Not modified by Vocera
URL	https://www.devexpress.com/
Supplemental License Text	All DEVEXPRESS redistributable files are distributed for the sole purpose of executing written application programs created by Vocera using the DEVEXPRESS software component products.
Third-Party Software Version	**Vocera Version**
7.3	VMP Server 4.9.1, 4.9.2, 5.1.0

Google Cloud Messaging

General Information	
Source Code Status	Not modified by Vocera
URL	http://developer.android.com/guide/google/gcm/index.html
Supplemental License Text	When using the Google Cloud Messaging services, the following prohibitions apply: - You will not perform an action with the intent of introducing to Google products and services any viruses, worms, defects, Trojan horses, malware or any items of a destructive nature. - You will not defame, abuse, harass, stalk or threaten others. - You will not interfere with or disrupt the APIs or the servers or networks providing the APIs. - You will not promote or facilitate unlawful online gambling or disruptive commercial messages or advertisements. - You will not reverse engineer or attempt to extract the source code from any API or any related software, except to the extent that this restriction is expressly prohibited by applicable law. - You will not use the APIs to encourage or promote illegal activity. - Google may set limits on the number of API requests that you can make, at its sole discretion, and you agree to such limitations and will not attempt to circumvent such limitations.

Ownership: If you provide feedback or suggestions about Google's services, then Google may use such information without obligation to you. By using the Google services you do not acquire ownership of any rights to such services or the content that is accessed through the APIs for such services. You will not make any statement regarding your use of a Google service which suggests partnership with, sponsorship by or endorsement by Google without Google's prior written approval.

Termination: Google reserves the right to terminate these terms or discontinue the services or any portion or feature for any reason and at any time without liability or other obligation to you. Upon termination of these terms or discontinuation of your access to the services, you will immediately stop using the Google services. When these terms come to an end, those terms that by their nature are intended to continue indefinitely will continue to apply, including but not limited to the warranties, limitation of liability, indemnity and modifications sections below.

Warranties: **Neither Google nor its suppliers or distributors make any specific promises about the APIs. For example, we don't make any commitments about the quality of the APIs or the content accessed through the APIs, their reliability, availability or ability to meet your needs. The APIs and content accessed through the APIs are provided "as is". Some jurisdictions provide for certain warranties, like the implied warranty of the merchantability, fitness for a particular purpose and non-infringement. To the extent permitted by law, we exclude all implied warranties.**

Limitation of Liability: When permitted by law, Google, and Google's suppliers and distributors, will not be responsible for lost profits, revenues, or data, financial losses or indirect, special, consequential, exemplary, or punitive damages. To the extent permitted by law, the total liability of Google, and its suppliers and distributors, for any claim under these terms, including for any warranties that may not legally be excluded, is limited to the amount you paid us to use the APIs (or, if we choose, to supplying you the APIs again) during the six months prior to the event giving rise to the liability. Nothing in these terms limits your responsibility for infringement of intellectual property rights. In all cases, Google, and its suppliers and distributors, will not be liable for any loss or damage that is not reasonably foreseeable.

Indemnification: **You agree to hold harmless and indemnify Google, and its subsidiaries, affiliates, officers, agents, and employees, or partners, from and against any third party claim arising from or in any way related to:**
1. your misuse or your end user's misuse of the APIs; or
2. your violation or your end user's violation of these terms,

including any liability or expense arising from all claims, losses, damages (actual and consequential), suits, judgments, litigation costs and attorneys' fees, of every kind and nature. In such a case, Google will provide you with written notice of such claim, suit or action.

General Legal Terms: These terms control the relationship between Google and you. If you do not comply with these terms, and Google does not take action right away, this does not mean that Google is giving up any rights that it may have (such as taking action in the future). If it turns out that a particular term is not enforceable, this will not affect any other terms. The laws of California, U.S.A., excluding California's choice of law rules, will apply to any disputes arising out of or related to these terms or the services. **All claims arising out of or relating to these terms or the services will be litigated exclusively in the federal or state courts of Santa Clara County, California, USA, and you and Google consent to personal jurisdiction in those courts.**

IBM / Lotus Development Corporation C++ API Toolkit for Domino and Notes Software Development Kit

General Information	
Source Code Status	Not modified by Vocera
URL	N/A

Supplemental License Text	RESTRICTIONS
	
	You may not:
	
	(1) Use the Lotus C++ API Toolkit for Domino and Notes to develop an Application that, directly or indirectly, enables Users to access or share any Lotus Communications Product interactively, unless each such User is an authorized licensee of a Notes Client Product;
	(2) Transfer, sell, license, loan, lease or otherwise distribute the Lotus C++ API Toolkit for Domino and Notes, or any component thereof, to any third party, except as described below; or
	(3) Alter, merge, modify (except as permitted below), adapt, reverse engineer, disassemble, or decompile the Lotus C++ API Toolkit for Domino and Notes, or any portions thereof. The purpose of these provisions is to restrict Applications that are intended to: (a) mimic or substitute for the services provided by a Notes Client Product, or (b) assist any other computer program that is intended to mimic or substitute for the services of a Notes Client Product. Should you have any questions concerning these restrictions, please contact Lotus at the phone number or address referenced in the "Exceptions" section below.
	EXCEPTIONS TO THE RESTRICTIONS
	Lotus will consider exceptions to the restrictions stated above. If you are interested in obtaining such an exception, please call 800-782-7876 (in the US) or write to:
	      Lotus Development Corporation
	      Business Partner Program
	      55 Cambridge Parkway
	      Cambridge, Massachusetts, 02142
	      Attention: API Toolkit License Exceptions
	© Lotus Development Corporation
