

S2S program

Surgeon-to-surgeon observation

The **S2S program** is an educational forum that provides academic product trainings and encourages surgeon-to-surgeon collaboration.

The goal of this program is to provide physicians an opportunity to learn surgical techniques from esteemed and experienced spine surgeons who utilize our products.

These discussions will include product tips and pearls to help you enhance patient care.

Highlights of each interactive **S2S visit**

- Preoperative case review and planning
- Surgical observation
- Training on specific systems
- Collaborative discussion on surgical techniques and best practices

Routine **S2S visit agenda**

- Early check-in at hospital
- Case review and discussion
- S2S surgery observation

To request a S2S visit please visit SalesForce/CoPilot.

Please contact Michelle Dulik with any questions: michelle.dulik@stryker.com.

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.
