

Spine medical education

We've gone **virtual!**

We're taking our MedEd programs virtual. Whether you are in the office, the OR, or at home, our MedEd team is by your side.

We've expanded our MedEd program in an effort to help you help your patients, adding a range of online training options. Below is a list of programs available to you. We are committed to providing our MedEd programs and resources!

Questions? [Contact michelle.dulik@stryker.com](mailto:michelle.dulik@stryker.com)

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

600 Hope Parkway SE
Leesburg, VA 20175
t: 571 919 2000

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.
