

# LIFELINKcentral™ AED program manager

## Campus Solution package\*

Stryker’s LIFELINKcentral AED program manager is designed to provide consistent support when you need it most, with instant updates about AED readiness from a central dashboard.

The Campus Solution package includes professional AED program implementation and ongoing readiness support with the scalability and service needed for military and federal government customers.

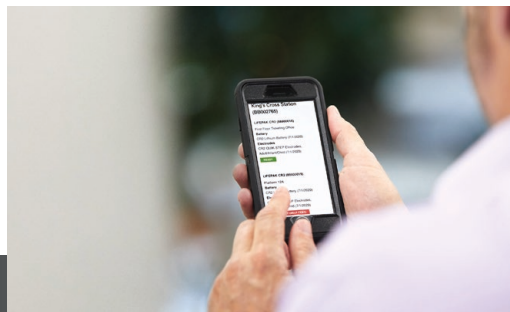

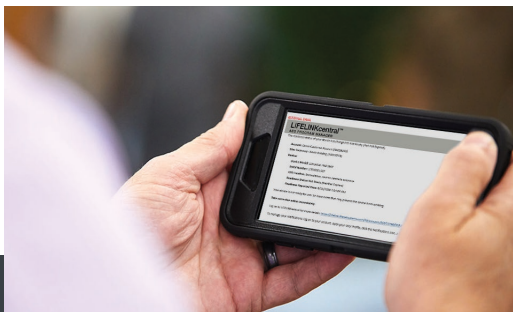

### Implementation

- **Coverage:** the Campus Solution covers up to 50 AEDs in any location
- **State/local registration:** each package includes assistance with the AED registration process
- **Scalable:** the system can be easily expanded and adapted to meet a customer’s ever-changing needs

### Maintenance

- **Account support:** Stryker’s dedicated AED program administrators
- **Asset expiration tracking:** email notifications alert customers of expiring devices and supplies
- **Post-event data review:** DT EXPRESS™ simplifies the post-event data extraction process

\*LIFELINKcentral Campus Solution is only available for federal government customers.
