

# LIFELINKcentral™ AED program manager

## PRO license

Stryker’s LIFELINKcentral AED program manager is designed to provide consistent support when you need it most, with instant updates about AED readiness from a central dashboard.

The PRO license is designed to help reduce cost and workload involved with managing AEDs, making it easier for customers to remain ready to respond. The PRO license is charged as an annual fee per account.

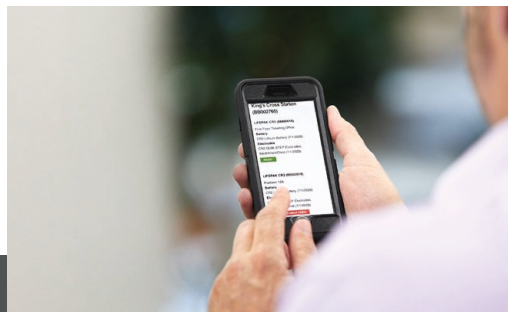

### Management

- **Equipment support:** manage Stryker and non-Stryker devices\*
- **Readiness wheel:** users can view equipment and site statuses quickly
- **Report:** access to custom program status summary reports
- **Inspection:** users can define and manage custom inspection schedules

### Maintenance

- **Asset expiration tracking:** email notifications alert customers of expiring devices and supplies
- **Notifications:** in-use alerts and equipment readiness notifications help users stay prepared

\*Additional service fee applies
