EP cables

Connect with

confidence

Functionality guaranteed

Reduced risk

Increased sustainability

Confidently outsourcing **risk**

Reduce uncertainty

- Reduced questioning about which product is failing during the procedure
- Each product is 100% function tested¹
- In-house reprocessing can damage cables when equipment like Autoclaves are used
- Our validated cleaning process aligns with OEM IFU recommendation ensuring cable performance²
- Barcode placed on each cable tracks every reprocessing cycle
- In-house reprocessing turns may not be tracked and a faulty cable could be used

99.97% success rate³

1. Cables include St. Jude Medical, Biosense Webster, Boston scientific and Medtronic
2. Biosense Webster IFU
3. SSS internal data ASME Journal of Medical Devices, Dec 2015
