CORE 2 Console

Optimizing
your instruments

CORE 2 Console

Driving benefits

The Consolidated Operating Room Equipment (CORE) 2 Console provides a convenient, single control center for a multitude of powered instruments. Here's a look at the many capabilities and benefits it brings to you and your instruments.

Versatility

- For use in a variety of surgical procedures, including orthopaedic, dental, ENT, neuro, spine, and endoscopic applications.
- Powers small and large bone drills, saws and drivers; small and large joint shavers; ENT shavers; foot pedals; bone mill and irrigation
- Cuts, drills, reams, decorticates, shapes and smoothes bone, bone cement and teeth
- Helps place or cut screws, metal, wires, pins and other fixation devices

Unparalleled customization

- 100+ user profiles that can be stored and transferred
- A Adjustable acceleration and braking**
- B I.D. Touch Software for tailored torque, tactile feel and drill precision/performance**
 - Adjustable irrigation flow rate
 - Three foot pedal choices, each with multiple buttons to set desired functions
 - Largest breadth of compatible product portfolios

Cost and workflow efficiency

- Single console supports all specialties; capital ROI
- Powers a spectrum of devices, reducing need for multiple power sources
- C Three hand piece ports; runs two non-heavy duty hand pieces simultaneously**
- D Colored illumination rings (5) display matched drills and foot pedals for free and confident workflow**
- E Two foot pedal ports; ability to assign two pedals to a single hand piece**
- F Integrated irrigation; one-step insertion and removal**
 - Compatibility with future Smart Equipment Management (SEM)
 - Routinely costs less than top competitor, while delivering more advantages

Simplicity

- Smart programming auto-activates screens, options and information based on connected devices
- Large icons and 7" color touch screen with 170° wide viewing angle
- G Distinct audio tones denote different actions/alerts**
 - Numeric and written error descriptions with troubleshooting tips
 - Flat, intuitive navigation with shortcuts for added speed
 - Quick, onsite USB upgrades and localized technical support
 - Stryker sales rep contact info can be stored internally

Safety

- Built-in design features make safe operation as effortless as possible
- D Constant, color-lit visibility of matched drills and foot pedals**
- 13-year proven performance
- 30,000 trusted units worldwide

Customization beyond compare

Everyone claims to offer highly customizable consoles and instrument platforms, but we deliver on it. Personal preference options are engineered into multiple features, giving you unparalleled ways to customize your system for maximum skill and satisfaction.

User profiles: ready when you are

In the O.R., you and your team have critical responsibilities on your mind. Stopping to set instrument preferences can be inconvenient or even interrupt your focus. Our custom user profiles eliminate this disruption by retrieving all your carefully pre-planned preferences in just two touches.

- Set once and they're permanently saved (stores 100+)
- Copy/edit allows creation of multiple profiles without starting from scratch
- Customizable features instantly appear based on the device connected and include RPMs, oscillation rate, direction, fixed/variable mode and many more
- Transferrable to other CORE 2 Consoles via USB

I.D. Touch Software: your perfect tactile feel

What is I.D. Touch Software? You could say it's software. Or, that it optimizes Stryker electric motors such as π Drive and π Drive+. But, above all else, I.D. Touch Software is your opportunity to regulate drill response and performance to deliver the precise tactile feel you want.

It's total customization, not just RPMs/speed

- Your preferred torque τ setting – 0-100%
- Drill response – low to high sensitivity when pressure is applied
- Tactile feel and drill precision/performance
- One of many Motor Option settings
- Stored in your user preset; retrieved in two touches

A class of its own

Drill and instrument portfolios are only as good as their driver, and ours stands apart from the crowd. Engineered with all the bells and whistles, it empowers your instruments – and you – with added capability and benefits. These value-added features, combined with power and reliability, are why 30,000 CORE Console units are trusted worldwide.

Core solution

Leading drills, leading console

Our console is designed with features and software that help you gain maximum benefit from Stryker drills and powered instruments, including those shown here. And its universal compatibility streamlines your capital investment, workspace and product training.

CORE stands for Consolidated Operating Room Equipment, but its figurative meaning rings true as well. Our console is core to what you do. It works across multiple specialties and with our vast, world-class drill and instrument portfolios. Here's a snapshot of how the CORE 2 Console plays an integral role in optimizing your O.R. investments and efficiency.

π drive and π drive+ high speed drills

Sumex Drill

S2 Drill

Universal Driver

Saber Drill

The Bone Mill

RemB

Your system. Your way.

With foot pedals, irrigation cassettes, a mobile cart and many other accessories, you can create the system you want and make its management easy.

First-rate foot pedals

Get your choice of three foot pedals, each with multiple buttons to set desired functions such as irrigation on/off, forward/reverse direction, change drill port assignment, change RPMs and more.

NSE Footswitch
with four feature buttons (two left, two right)

Bi-Directional Footswitch
Dual pedal with three feature buttons

Uni-Directional Footswitch
Single pedal with two feature buttons

No fuss irrigation

Our front facing, integrated irrigation with one-step insertion and removal makes set up simple, without any extra hardware components to affix or tubes to thread. Users also love its integrated I.V. pole bracket, auto prime and adjustable flow rate.

Convenient cart

With eight drawers, two baskets and a top surface area, this cart holds your CORE 2 Console, foot pedals and a full inventory of cutting accessories. Organize as you wish and apply custom drawer labels to make management easy.

Here to assist you

Your NSE sales representative is happy to help you get the most from your CORE 2 Console, and help set it up for your specific needs and preferences. He/she can also facilitate corresponding implementation and training. Additional resources include:

Education – with mobile lab or third-party courses you’ll never lack for training and tips to optimize product benefits. strykernsemeded.com

ProCare Services – augment your system with a variety of dedicated ProCare service plans, delivered by localized technicians. strykerneurotechnology.com/services

Flex Financial – provides a number of payment options to help make your new purchase possible. strykerneurotechnology.com/services

Order or learn more

Here are just some of the CORE 2 Console components available. For a complete listing – or more information about the CORE 2 Console or Stryker NSE – please call your NSE sales representative, 800 253 3210 or visit nse.stryker.com.

Part number	Product description
