# NavSuite<sup>®</sup>3

## Integrated OR

# NavSuite<sup>®</sup>3 Integrated Innovation

## The NavSuite3 is Stryker's completely integrated surgical navigation solution.

- OR efficiency is optimized by incorporating the equipment directly into the room.
- Stryker's own digital navigation camera is mounted from the ceiling for maximum visibility.
- The navigation computer is conveniently housed out of the way in a control station.

## The navigation system can integrate with a wide array of Stryker and other surgical equipment.

- Navigational screens can be easily viewed from LCD monitors hanging from the ceiling or mounted on the wall.
- A variety of Stryker's navigation software applications are supported as well as integration with endoscopes, C-arms and microscopes.
- Digital images can be sent via the hospital's IT network and viewed pre or post-operatively.

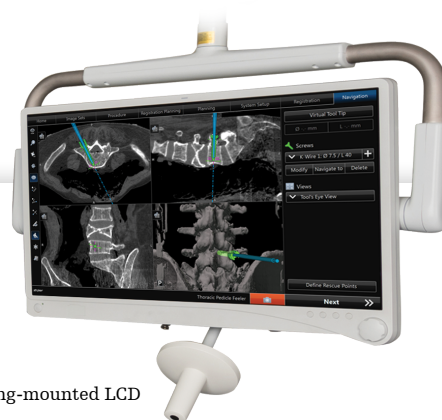

Digital navigation camera

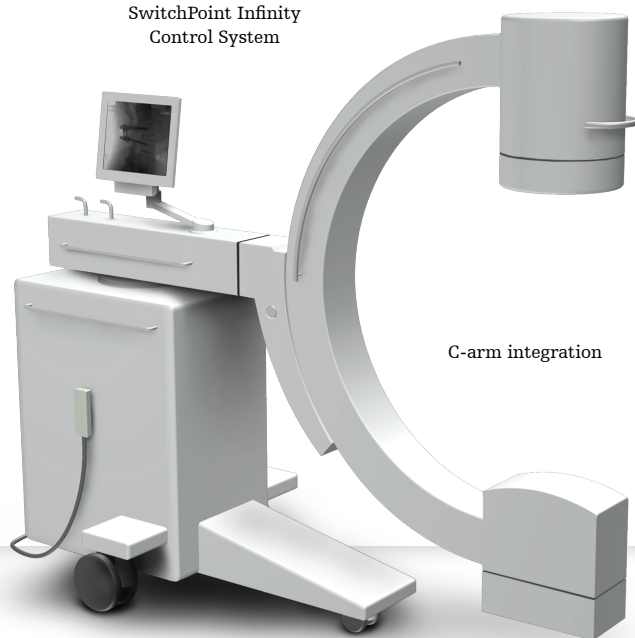

SwitchPoint Infinity Control System

Wall mounted IO tablet

Ceiling-mounted LCD

C-arm integration
