

SpineMap Go™ augmented fluoroscopy and SpineMap® 3D navigation

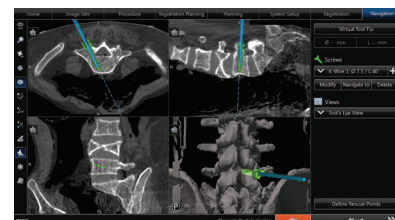

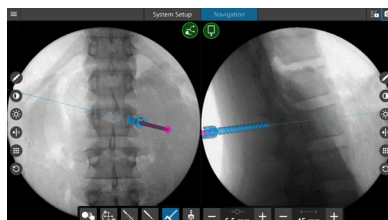

What's right for you?

Solutions to suit your style

From technology in our personal lives and at work, we all have a preferred way of doing things. Some are satisfied with a more utilitarian approach while others want all the bells and whistles. That's why we offer multiple solutions to meet your needs for:

- Individualized surgical workflows
- Preferred imaging devices
- Standard hospital rooms to fully integrated suites as well as outpatient surgical centers
- Various budget parameters

Choosing between augmented 2D or 3D technology is not about choosing what's right or wrong. Instead, it's about finding the visualization solution that's best for you. Here's a quick look at some core features.

	SpineMap Go	SpineMap 3D
