

Mission **complete** in a week

stryker

Program offerings

ProCare's Special Ops team offers customized service programs for large-scale projects, such as completing large scale Preventive Maintenance inspections within a week from start to finish, so you can focus on your priorities. Partnering with the Special Ops team ensures an unparalleled, white-glove experience and a comprehensive service package that goes beyond standard offerings. Services include, but are not limited to:

Preventive maintenance inspections

Mattress cover replacement

Nurse call cable replacement

Product upgrades

Joint commission compliance

Unboxing and product setup

Software updates

Accessory and part swap

If you need a specialized, custom approach, our Special Ops team is ready to assist.

Contact your local Sales Representative for more information.
