

Vision Benefits

Whether your vision is 20/20 or less than perfect, everyone needs regular vision care. That's why Stryker offers vision benefits as part of the Stryker Corporation Welfare Benefits Plan.

The plan provides for professional vision services as well as glasses and contact lenses. EyeMed administers vision benefits. When you purchase covered vision services and materials through EyeMed's provider network, your out-of-pocket expenses are limited to your copayments. Out-of-network services and materials are covered, too, but you pay a greater share of the cost.

While the definition of dependent child has been voluntarily amended to align with the medical and prescription benefit pursuant to Health Care Reform, the vision benefit is not otherwise subject to the insurance market reforms of Health Care Reform.

How Vision Benefits Work

Stryker's vision benefits cover the cost of regular vision exams for you and your covered family members. Prescribed glasses and contact lenses are also covered.

When You Use Participating EyeMed Providers

Examination Benefit

The plan covers a comprehensive spectacle eye examination, including dilation, performed by a participating provider at no cost to you. Please note: there may be an additional charge from a provider for a contact lens exam without the purchase of contacts.

Frame Benefit

You are entitled to a \$130 frame allowance every 24 months, with a \$0 copay, when you purchase a frame with prescription lenses from a participating provider. If the frame you select costs more than \$130, you pay 80% of the balance over \$130.

When you purchase lenses from a participating provider, you pay a \$25 copay for single vision, bifocal, trifocal or lenticular lenses. You also pay the following fixed amounts for lens options:

Lens Option	You Pay

▪ Tint (solid and gradient)	\$15
▪ Standard scratch resistant	\$15
▪ Standard polycarbonate	\$40

Contact Lens Benefit

If you purchase contact lenses from a participating provider in lieu of spectacle lenses, you are entitled to a \$130 contact lens allowance, with a \$0 copay, every 12 months. If you purchase disposable contact lenses that cost more than \$130, you pay 100% of the balance over \$130. If you purchase non-disposable contact lenses that cost more than \$130, you pay 85% of the balance over \$130.

Laser Vision Benefit

You are entitled to a 15% discount or a 5% discount on promotional pricing for LASIK and PRK treatments provided by a U.S. Laser Network provider. Discounts apply to the procedure itself as well as pre-operative and post-operative care, provided that the same participating provider performs the procedure and provides the pre-operative and post-operative care. For more information about laser vision benefits, call **877 552 7376**.

Additional Purchases

When you purchase vision supplies from a participating provider, you are entitled to a 20% discount off items not covered by the plan at network providers. The discount does not apply to professional services, disposable contact lenses or laser vision services and cannot be combined with any other discount or promotional offer.

Secondary Purchase Discount

If you purchase additional pairs of glasses (including prescription sunglasses) from a participating provider, you will receive a 40% discount off a complete pair of eyeglass purchases and a 15% discount off conventional lenses once the funded benefit has been used. Add \$15 to these amounts if you live in California, Alaska, Hawaii, Oregon or Washington.

How to Obtain Vision Benefits

If You Use Participating Providers

Once you've located a participating provider, schedule an appointment. Be sure to let the provider's office know that you are covered under an EyeMed vision plan. Your provider's office will collect your copays as well as any additional amounts you may owe for optional items such as

designer frames or tinting. The provider’s office also files claims for you.

Please note that the contact lens allowance is a one-time per calendar year benefit. If you purchase disposable contact lenses from a participating provider, be sure to purchase a sufficient quantity so that you use all of the \$115 in-network benefit allowance. If you do not use all of the allowance for a single purchase, you won’t have any remaining balance to use for future purchases in the same calendar year.

If You Use Non-Participating Providers

If you do not use a participating provider, you must pay for services and materials and then file a one-time claim for reimbursement of all services and materials. You will need to complete an Out-of-Network claim form and submit the form with itemized receipts for reimbursement to:

EyeMed Vision Care
 Attention: OON Claims
 P.O. Box 8504
 Mason, OH 45040

If your eye exam is provided on a date that is different from the date you receive your glasses or contacts, don’t file your claim for reimbursement until you have all of the necessary receipts.

If you purchase contact lenses from a non-participating provider, you must file a claim in order to obtain the \$115 contact lens allowance. This is a one-time reimbursement, so you should wait to file your claim until you have all of the necessary receipts for your contact lens exam, fitting and the contact lenses themselves.
